Présentation de l'éditeur

In recent years the sneaker scene has exploded with artist and designer collaborations. These specialist shoes are invariably produced as short runs, using innovative or luxury materials, and often have bespoke packaging. Some even push the design of the shoes themselves, creating hybrids or new incarnations of classic designs. Focusing exclusively on contemporary, cutting-edge sneaker design, Art & Sole sets out to explore and to celebrate the creative side of sneaker culture - showing the best and most original rarities and collaborations. These are not shoes that can be found in your average sports store. The book also highlights how a growing number of artists base their work on sneakers - from sculptures made from dissected shoes, to oil paintings on canvas, and even the customization of the shoes themselves. Among the brands featured are Nike, adidas, Reebok, Vans, Puma, New Balance, Converse, Onitsuka Tiger, Madfoot ! and Gravis. And the artists and designers collaborating with them include Parra, Dave Kinsey, Dalek, Mark Gonzales, Futura 2000, Neckface, Evan Hecox, Stash and many others.
